TPA Change Package Comments

Clean-up of contamination threatening the Columbia River today must not be used as a justification for delaying clean-up

Clean up FIRST!

Clean up first!

Clean up first!

The TPA agreement needs to clean up the waste at Hanford before they keep dumping more!

Paula Call

Richland, WA 99352

With all of the stimulus funds that the agencies have received, there is No reason that clean-up should be further DELAYED at Hanford! It is in the publics best interest to fix the leaking storage tanks before contaminated wastes reach the Columbia River.
