Dear Hanford;

In lieu of me being at the Spokane hearing, I want to write & support the DOE to support ALL the land within Hanford Reservation.

It is unique & priceless - once it is developed - or changed in any way - it is gone FOREVER.

I hope all the land becomes a refuge - for all future generations.

I appreciate your efforts, & hope you place my letter in support of protecting all the land at Hanford Reserve.

Sincerely,

James P. Pyrand Ph.D.
