I would like to see alternative three followed.

There in, I believe, a responsibility on the part of those making the final decision — to make good on the promise originally made when landowners were forced from their homes.

We owe it to those original landowners to give to them or their decendants an opportunity to return.

It would not be difficult to locate these who have a rightful claim and let them have the chance to purchase at "fair market value".

The other (remaining area shown as brown *) should be sold at auction, I feel.

* the brown area was very misleading. Much more appropriate since without that whole Hanford year around.

This is a postage-paid self-mailer. Please fold and seal before mailing to the address on the back.

on your displays It would ~~have been~~ to show it as green water most all of Reach area is brown

IMPORTANT: Before returning this Comment Sheet, please fold the flyer so that it is addressed to Mr. Tom Ferns, and the largest flap on the back matches at the top. Seal with tape at the top only.
