Provide maximum protection for all public lands for the entire Hanford area. Such lands should include: Wahluke Slope, the Hanford Reach and islands, McGee Ranch, Riverland area, and the Arid Lands Ecology Reserve. All these lands should be designated a National Wildlife Ruge. All mining operations should be restricted to activites needed for clean-up and remediation on the Hanford site only. Restrict all grazing for the entire Hanford site. Individual records of decisions should be performed for Wahluke Slope, Hanford Reach and its islands, McGee Ranch, Riverland Area and the Arid Lands Ecology Reserve. Such individual records of decision will allow for the protection of these areas in a very timely manner.

This is a postage-paid self-mailer. Please fold and seal before mailing to the address on the back.
