Michelle Mandis (Ecology) reported that Ecology met with Mr. Gerald Pollett (Heart of America), and that Mr. Pollett expressed interest in implementing a risk-budget tool at LLBG comparable to the one currently required in the permit for the Integrated Disposal Facility (IDF). Mr. Pollett's concern was overfilling of the trench with waste that could potentially impact the groundwater. Ecology directed Mr. Pollett to provide draft language that expresses his concerns and justifies implementation of a risk- budget tool at LLBG. Ecology has no position on the issue and is waiting on receipt of Mr. Pollett's response.

Lori Fritz (CHPRC) initiated a discussion regarding the status of the inactive burial grounds. Greg Berlin (CHPRC) stated that conversations are ongoing with RL/CHPRC and Ecology regarding procedural closure for the un-used areas. Mr. Berlin is drafting a package to address the inactive burial grounds, and agreed to have the package to Ecology by May 28, 2009.

B. Groundwater Sampling

Lori Fritz (CHPRC) stated that RL/CHPRC provided a response to Ecology regarding Ecology's comments on the groundwater monitoring plan. Ms. Fritz requested feedback from Ecology on RL/CHPRC's comments within the next two weeks.
