HANFORD NATURAL RESOURCES TRUSTEE COUNCIL
Conference Call
June 22, 2009

Conference Call Summary

Agenda

The agenda for the conference call was to:

- Prepare for the upcoming Senior Trustee meeting
- Obtain an update on contracting issues
- Meeting planning for conference calls and the Sept annual meeting
- Develop agenda topics for the July meeting
- Preliminary discussion of Phase II SOW

The meeting convened at 1:00 pm, and attendees are listed in Attachment A. An updated Action Item list is provided as Attachment B.

Senior Trustee Meeting

- **Agenda.** The agenda was established as follows:
 - ⇒ Discuss 2011 budget alternatives and vote
 - ⇒ Determine whether STs support a DOE baselining process alongside development of the injury assessment plan
 - ⇒ Provide an opportunity for the STs to discuss the in-target/over-target issue
 - ⇒ Ask the STs whether they support development of a legal working group
- **Preparation.** The following assignments were made to prepare for the Senior Trustee meeting:
 - ⇒ Teresa to get final budget documentation out today
 - ⇒ Steve to develop a briefing sheet for the DOE baselining process
 - ⇒ Paul and Teresa to discuss how to present the in-target issue
 - ⇒ Nick to take a first cut at a list of legal issues

Contracting

- **Phase II Extension.** DOE reported that it believes that a contract can be extended across two fiscal years if a subset of deliverables for each portion of available funding can be identified. The HNRTC requested DOE to provide a more definite response by the July meeting.
- **NFWF and Facilitation.** These topics had been covered in the morning and were not addressed, except to review that it appeared that a grant to NFWF could be utilized if desired by the HNRTC.

Meeting Planning

- **September Annual Meeting.** The 2009 Annual Meeting was scheduled for Sept. 15-17, 2009. Teresa will look into three alternatives for a location: 1) UW Pack Forest Conference Center, 2) Skamania Lodge, 3) Quality Inn/Red Lion, Lewiston. She will determine availability, prices, and facility information and then post information to the group and ask for votes (AI288).
- **Bi-Monthly Conference Calls.** The third Monday of the month from 1-4 pm was selected as a standing time for conference calls in the months in which the HNRTC does not meet in person, beginning on August 17.
- **July Agenda Topics.** July agenda topics at this time include the following:
 - ⇒ Retrospective on Phase I
 - ⇒ Discussion of Phase 1.5, if any, and next steps for the TWGs
 - ⇒ Phase II SOW finalization and contracting, including NFWF discussion
 - ⇒ Restoration TWG resolution
 - ⇒ 2009/2010 Vice-Chair nominations
 - ⇒ Response actions, especially 1) River Corridor Umbrella RI and 100K, 100 D/H RI workplans and 2) upwelling briefing.

Preparation for the July meeting should include:

- ⇒ Sending any further comments on the Phase II SOW to Steve so he can turn it around for the discussion (AI289)
- ⇒ Those on the Restoration TWG, review the Stratus memo and associated resolution and send any comments to Charlene (AI290)
- ⇒ Send Teresa any other Response topics you would like to see included on the agenda

A rough July meeting agenda is included as Attachment C, for the purposes of travel requests.

NRDA

- **Phase II SOW.** Jay and others provide preliminary comments on Steve's comparison chart to help Steve finalize the SOW.

The meeting was adjourned at 2:30 pm.
