Meeting Minutes
April 22, 2010**

Key Documents/Issues List Review

Since the Tentative Agreement on new milestones has been agreed to and will be sent out for public review on May 3, 2010, CHPRC provided a table of the affected proposed Central Plateau Tri-Party Agreement milestone changes in lieu of the key documents list. A key documents list will be provided at the next IAMIT meeting. CHPRC will coordinate with DOE-RL on the tribal interface plan so it can be addressed in the documents list. CHPRC noted that the tribes and the state of Oregon are copied whenever a document from the key documents list is sent to the regulators for review. It was noted on today's handout that the orange triangle with black edging indicates that the lead regulator or the operable unit has changed, along with the date.

TPA Administration - Republish TPA

The Tri-Parties agreed that if the TPA is to be republished by the end of calendar year 2010, September 2010 would be the cutoff date for inclusion of approved TPA Change Requests for inclusion in the republished TPA. MSA will schedule meetings with RL, Ecology and EPA to discuss revisions to the TPA. Ecology identified John Price as their representative for discussing revisions. EPA and DOE stated that they will provide the names representatives for their agencies to MSA. Ecology suggested scheduling a meeting with the attorneys from RL, Ecology and EPA to facilitate legal agreements to the TPA revisions.

Informal Public Review on Draft CERCLA 5-Year Review

RL stated that the decision has been made to hold an informal public review on the draft CERCLA 5-year review.

Thursday, April 22, 2010
Ecology Offices, Conference Room 3A/B
3100 Port of Benton Way
Richland, Washington

Agenda

Inter-Agency Management Integration Team Meeting
Chairman: Matt McCormick
