PURGEWATER PROJECT MANAGERS MEETING MINUTES  
825 Jadwin/Room 340/700 Area  
Richland, Washington

April 29, 2010

- I. Approval of February 25, 2010 Purgewater Project Managers Meeting Minutes (Ecology/DOE-RL/CHPRC).
  - A. The PMM minutes were approved. The March PMM was canceled.
  
- II. Operational Status
  - A. Brian Dixon (CHPRC) reported that Modutank 1 remains in service until Modutank 2 repairs are accepted by QA, which is anticipated within two weeks. The freeboard is at 2.04 feet at unit 1, and decanting continues to ETF as ETF can receive. Modutank Unit 2 has six inches of water to hold down the liner, and freeboard is at about 4.8 feet. Modutank 3 is in use, and freeboard is about 4.5 feet.
  
- III. Project Specific Issues
  - A. Unit 1 closure

It was agreed that when Unit 2 is declared ready to receive purgewater, that would initiate the 60-day notice to Ecology that the last shipment to Unit 1 has been received, and closure is pending. Tony Miskho (CHPRC) will update the draft letter to Ecology regarding the 60-day notice, and then route the letter for review and comment. It was noted that Units 2 and 3 will continue to be used for up to five years, and a CERCLA work plan is in place for those units to operate.
  
- IV. General Discussions
  - A. There were no topics for general discussion.
  
- V. Status of Actions
  - A. There were no actions to status.
  
- VI. New Action Items
  - A. There were no new actions established.
  
- VII. Documents for Submittal to the Administrative Record
  - A. There were no documents identified.
  
- VIII. Next Project Managers Meeting
  - A. The parties agreed to defer the May PMM to June 24, 2010.

**PURGEWATER PROJECT MEETING**
