**Basis for Reclassification:**

(For closeout, reference supporting documentation, as listed in Table 3.)

Due to the restructuring of Operable Units, as described in the Tentative Agreement for Central Plateau Cleanup, this pipeline has been split into segments, 200-E-127-PL-A and 200-E-127-PL-B. One segment will be remediated to Inner Area requirements and the other will be remediated to Outer Area requirements. This site is being Rejected because it has been replaced with two separate WIDS sitecodes.
