

Discovery Site Evaluation Checklist.

To be completed by a member of WIDS Staff and included with the data package for a newly discovered potential waste management unit.

<p>WIDS Site Code: 200-W-193-PL</p> <p>WIDS Site Names (Aliases): 200-W-193-PL, Pipeline from 224-U to 241-U-361 Settling Tank</p>	<p>Waste Management Unit <input checked="" type="checkbox"/> X</p> <p>Not a Waste Management Unit <input type="checkbox"/></p>
<p>1. Does the unit only receive uncontaminated rainwater runoff? YES NO <input type="checkbox"/> X</p> <p>If 1 is YES, check NOT A WASTE MANAGEMENT UNIT above and stop. If 1 is NO, go to 2.</p>	
<p>A 'YES' to any of Items 2 through 7 indicates the site is a waste management unit, as defined in Section 3.1 of the Tri-Party Agreement Action Plan. (Items 2 through 7 correspond with the six waste management unit types found in the Tri Party Agreement definition.)</p>	
<p>2. Complete items 2.a through 2.f. to determine if the unit is a solid waste management unit (SWMU), as specified under WAC 173 303 040. YES NO <input checked="" type="checkbox"/> X <input type="checkbox"/></p>	
<p>2.a. Is the material at the unit a waste (i.e., a regulated waste or a discarded material, including garbage, refuse, sludge, construction/demolition debris, industrial/sanitary wastewater or other discarded solid, liquid, semisolid, or contained gas)? YES NO <input checked="" type="checkbox"/> X <input type="checkbox"/></p> <p>If 2.a is NO, check NO for 2 and go to 3. If 2.a is YES, go to 2.b.</p>	
<p>2.b. Is the waste from historical residential activities (i.e., not from industrial, commercial, mining, agricultural, or community activities)? YES NO <input type="checkbox"/> X</p>	
<p>2.c. Is the unit an industrial wastewater point discharge permitted under the <i>Clean Water Act</i> (i.e., National Pollutant Discharge Elimination System permit)? YES NO <input type="checkbox"/> X</p>	
<p>2.d. Does the waste consist <u>only</u> of source, special nuclear, or byproduct material regulated by the <i>Atomic Energy Act</i>? YES NO <input type="checkbox"/> X</p> <p>If 2.b, 2.c, or 2.d is YES, the site is not a SWMU. If so, check NO for 2 and go to 3. If 2.b, 2.c, and 2.d are all NO go to 2.e.</p>	
<p>2.e. Was the waste placed in a discernable unit (i.e., a landfill, surface impoundment, land treatment unit, waste pile, tank, container storage area, incinerator, injection well, wastewater treatment unit, waste recycling unit, or other physical, chemical, or biological treatment unit)? YES NO <input type="checkbox"/> X</p> <p>If 2.e is YES, check YES for 2 and go to 3. If 2.e is NO, go to 2.f.</p>	
<p>2.f. Is the unit the result of routine and systematic discharges (i.e., areas receiving small but steady discharges over time from systematic human activity, such as from loading/unloading operations, solvent washing, industrial process sewer systems, etc.)? YES NO <input checked="" type="checkbox"/> X <input type="checkbox"/></p> <p>If 2.f is YES, check YES for 2. If 2.f is NO, check NO for 2. Go to 3.</p>	

Discovery Site Evaluation Checklist (Continued)

3.	Is the unit a waste disposal unit (Complete items 3a. and 3b. below)?	YES <input type="checkbox"/>	NO X
3.a.	Does the unit require a RCRA permit to dispose of dangerous or mixed waste?	YES <input type="checkbox"/>	NO X
3.b.	Have hazardous waste or substances been disposed in a burial ground, pit, pond, ditch, crib, trench, French drain, or land surface that is not subject to regulation as a RCRA disposal unit and might require action to mitigate a potential environmental impact (e.g., radioactive waste disposal units, pre-RCRA units)?	YES <input type="checkbox"/>	NO X
<p>If either 3.a or 3.b is YES, check YES for 3. If both are NO, check NO for 3. Go to 4.</p>			
4.	Is the unit an unplanned release not adequately cleaned up and represents a potential threat to human health or the environment (i.e., releases above CERCLA reportable quantities defined in 40 CFR 302.4; other hazardous substance releases, including petroleum, that may require action to mitigate a potential environmental impact)?	YES <input type="checkbox"/>	NO X
5.	Is the unit an inactive contaminated structure?	YES X	NO <input type="checkbox"/>
6.	Does the unit require a RCRA permit to treat or store dangerous or mixed waste?	YES <input type="checkbox"/>	NO X
7.	Is the unit another type of storage unit requiring action to mitigate a potential environmental impact (e.g., radioactive waste storage unit)?	YES <input type="checkbox"/>	NO X
<p>If 2, 3, 4, 5, 6, or 7 is YES, check WASTE MANAGEMENT UNIT at the top of the first page of this form. If all are NO, check NOT A WASTE MANAGEMENT UNIT at the top of the first page.</p>			
<p>Comments: The waste site is an underground, 9 centimeter (3.5 inch) diameter, stainless steel pipeline that fed the 241-U-361 Settling Tank.</p>
