Re: Update to Letter 12-NWP-023, dated February 21, 2012, "Re: United States Department of Energy letter dated January 10, 2012, Class 1 Modifications to the Hanford Facility Resource Conservation and Recovery Act (RCRA) Permit, Quarter Ending December 31, 2011"

Dear Gentlemen:

This letter updates and corrects the Department of Ecology's responses to four modification forms included in the January 10, 2012, Department of Energy letter.

The following information was inadvertently omitted from the Letter 12-NWP-023:

- 400 Area WMU modification form 18 of 29, Addendum C, Section C.1.2 is considered reviewed and approved.
- 400 Area WMU modification form 24 of 29, Addendum C, Section C.2.1 is considered reviewed and approved.

The 400 Area WMU modification form 8 of 29 was cited incorrectly as pertaining to Addendum B, Section B.2.2. The correct citation is Addendum B, Section B.1.2.

- Ecology has reviewed and approves 400 Area WMU modification form 8 of 29 Addendum B, Section B.1.2.

The 400 Area WMU modification form 2 of 29 was noted as rejected. However, to clarify, Ecology only rejects the text changes to the UNIT DESCRIPTION section. Ecology has reviewed and approves the changes to the LIST OF ADDENDA SPECIFIC TO OPERATING UNIT GROUP 16.

No other portions of Letter 12-NWP-023 are affected by this update. If you have any questions, please contact me at 509-372-7924 or Andrea Prignano of my staff at 509-372-7911.

Sincerely,

Ron Skinnarland
