Dear Ms. Charboneau:

Re: Reissuance of the Temporary Authorization (TA) to add three new Dangerous Waste Management Units (DWMUs) to the 325 Hazardous Waste Treatment Units (HWTUs)

Reference: Letter from S. Dahl to D.S. Shoop, dated September 3, 2014 *Request for Temporary Authorization to add three new Dangerous Waste Management Units to the 325 Hazardous Waste Treatment Units*, (14-NWP-187)

The Department of Ecology (Ecology) issued a TA to the United States Department of Energy on September 3, 2014 to authorize the addition of three new DWMUs to the 325 HWTUs. The effective dates of this TA were September 1, 2014 to March 1, 2015. Ecology is currently processing the Class 3 Modification request, however, it has become apparent that the Class 3 Modification will not become effective prior to March 1, 2015. Therefore, Ecology is reissuing the TA for an additional 180 days, pursuant to WAC 173-303-830 (4)(e)(iv)(B).

The reissuance of the TA does not permit any additional activities to take place within the 325 HWTUs. The provisions of this reissuance are the same as in the original TA. The TA reissuance will be in effect from March 1, 2015 to September 1, 2015, or until the Class 3 Permit Modification becomes effective, whichever occurs first. The final permit decision will replace this TA.

If you have any questions, please contact Rick Bond at fbon461@ecy.wa.gov or (509) 372-7885.

Sincerely,

Suzanne Dahl
