Change Title Hanford Patrol Academy Demolition Site Closure
--

Description/Justification of Change <p>Reword the Tri-Party Agreement Milestone M-20-25 (completion of a Part B permit application) to read, "Submit Hanford Patrol Academy Demolition Site Closure Plan to Ecology and the EPA," November 30, 1992.</p> <p>The DOE Richland Field Office has decided to close the Hanford Patrol Academy Demolition Site (HPADS). In doing so, the Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement) Milestone M-20-25, which calls for the completion of a Part B permit application, is no longer appropriate. However, a closure plan is required because of the decision to close the HPADS.</p>

Impact of Change <p>No significant impact.</p> <p>Although permitting a unit like the HPADS is not required, 'emergency' sites at Hanford will be necessary for unexpected events. It will be necessary to negotiate an agreement that identifies the proper methods for the use of emergency demolition locations on the Hanford Facility. This agreement should define notification and reporting requirements and should also clarify when an 'emergency detonation' might be necessary.</p>
