

Meeting Minutes Transmittal

325 HAZARDOUS WASTE TREATMENT UNITS
Unit Managers Meeting
337 Building, Mt. Shuksan
Richland, Washington

March 13, 1995
2:00 p.m. to 4:00 p.m.

The undersigned indicate by their signatures that these meeting minutes reflect the actual occurrences of the above dated Unit Managers Meeting.

Clifford E. Clark Date: 4-13-95
Clifford E. Clark, Unit Manager, RL

Not Present Date: _____
Daniel L. Duncan, RCRA Program Manager, EPA Region 10

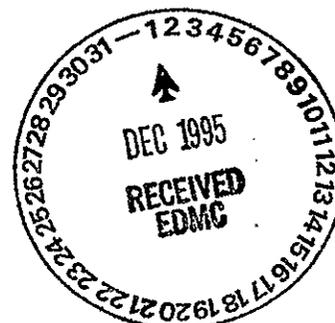

Jeanne J. Wallace Date: 4/13/95
Jeanne J. Wallace, Unit Manager, Washington State Department of Ecology

325 Hazardous Waste Treatment Unit, PNL Concurrence

Kathleen A. Poston Date: 4/13/95
Kathleen A. Poston, Contractor Representative, PNL

Purpose: Discuss Permitting Process

Meeting Minutes are attached. The minutes are comprised of the following:
Attachment 1 - Agenda
Attachment 2 - Summary of Discussion and Commitments/Agreements
Attachment 3 - Attendance List
Attachment 4 - Action Items

Attachment 2

325 HAZARDOUS WASTE TREATMENT UNITS Unit Managers Meeting 337 Building, Mr. Shuksan Richland, Washington

March 13, 1995
2:00 p.m. to 4:00 p.m.

Summary of Discussion and Commitments/Agreements

1. Approval of Past Unit Managers Meeting Minutes

The February 14, 1995 Unit Manager Meeting minutes were approved.

2. 325 HWTU Start-up Schedule

Ms. K. Poston (PNL) stated that the operational readiness review (ORR) will be submitted to the Readiness Assessment Board in two months. Following the submittal, start-up will be dependent upon the Board's approval of the ORR.

3. Status of TPA Procedural Closure for Various PNL Units

Ms. J. Wallace (Ecology) stated that she had been assigned as the unit manager for the 324 Sodium Removal Pilot Plant and 332 Storage Facility, and that she has responsibility for taking action regarding the procedural closures for these units. It was agreed to informally provide Ms. Wallace a package containing information pertaining to the original 1989 Part A withdrawal requests for the units, and to follow up with a letter confirming the informal submittal.

4. Status of 325 HWTU's NOI for Tank Storage

Ms. Poston stated that revision of the draft NOI will be initiated when PNL staff are available. At the present time, the focus is on the Part B permit application and the ORR.

5. Status of 325 HWTU's Part B Permit Application

Ms. Wallace confirmed that she received the first draft chapters of the Part B permit application, and that she is generating comments. Ms. Wallace stated she would transmit comments to PNL by March 30, 1995. Mr. B. Day (PNL) inquired about the procedure for addressing Ecology's comments. Ms. Wallace suggested that PNL respond to her comments, and that Ecology, PNL and RL set up a workshop meeting to address any unresolved comments. Ms. Wallace reiterated her preference for establishing a notice of deficiency (NOD) comment table as a mechanism for tracking NOD comments. The Part B is scheduled to be formally submitted to DOE-RL by the end of June 1995.

6. Status of 300 Area RLWS Compliance Evaluation

Mr. C. Clark (RL) stated that RL requested WHC and Battelle to generate a letter outlining the 300 Area rad liquid waste system compliance issues, and the letter should be transmitted to Ecology within two weeks.

7. General Discussion

There were no topics for general discussion.

8. Status Action Items

- New Action Items

RL will provide Ms. Wallace a letter outlining the following: 1) WHC and Battelle noncompliance regarding the 300 Area rad liquid waste system (RLWS); 2) RL's proposal for splitting the RLWS system between WHC and Battelle.

RL/PNL will provide Ms. Wallace a package containing information pertaining to the original 1989 Part A withdrawal requests for the 332 Storage Facility and the 324 Sodium Removal Pilot Plant.

- Old Action Items

Action item 1-10-95:1, RL will provide a status regarding the RLWS at the next Unit Managers Meeting.

Mr. Clark suggested closing the action item because WHC and Battelle have identified noncompliant issues, and RL has identified proposed areas to split the system between WHC and Battelle. Ms. Wallace agreed to close the action, and requested generating an action item for RL to provide Ecology a letter documenting the issues.

9. Next Unit Managers Meeting

- The next Unit Managers Meeting was scheduled for April 13, 1995, from 2 to 4 p.m.

- Proposed Topics

Topics for discussion at the next Unit Managers Meeting will include a discussion regarding procedural closure for the 324 Sodium Removal Pilot Plant and 332 Storage Facility.
