2. Status Action Items

- 3-6-95:1 Provide Ecology a copy of the Admin. Record for 105-DR

Closed. A recent copy of the Administrative Record for 105-DR was faxed to Ecology representative SE McKinney on 3/24/95.

3. Status Closure Activities

- Status of Revision 1a

WHC (ZC Knaus) reported that the document was transmitted to Ecology on April 17, 1995. Due to the substantial amount of revising done to the document, it was decided to submit a complete revision of the document instead of page changes as discussed at earlier Unit Managers Meetings.

-Status of Sampling and Analysis Plan

ZC Knaus stated that the Sampling and Analysis Plan is progressing without any major problems. Currently the SAP is out for review within WHC and RL. The SAP should be ready for Ecology approval in the near future.

4. New Business

- Phillip C. Miller, new facility representative for 105-DR

ZC Knaus stated the PC Miller (WHC) will be taking over this project and should be included on distribution of material concerning 105-DR.

5. Set Next Meeting Date

The next UMM will be held via video conference on May 24, 1995, Federal Bldg., Richland, Washington.
