Re: Yakama Indian Nation Comments on the Focused Feasibility
Study of Engineered Barriers for Waste Management Units in
the 200 Area.

Dear Mr. Jim:

I have recently been in contact with Mr. Bob Cook of your staff. He has informed me that the Yakama Indian Nation would like to meet with the three parties to discuss YIN concerns regarding the Focused Feasibility Study of Engineered Barriers for Waste Management Units in the 200 Area. This document was transmitted to the YIN in February, 1995. The three parties have scheduled a consultation meeting to discuss YIN concerns. The meeting is scheduled for July 14, 1995, from 2:30 to 4:00 in the Environmental Protection Agency conference room. Bob has informed me that he is available to attend the meeting.

Please contact the EPA office at (509) 376-8665 if you or your staff cannot attend. Thank you.

Sincerely

Paul R. Beaver
Unit Manager
