Summary of Discussion and Commitments/Agreements

1. Approval of Past UMM Minutes

The April 20, 1994, Unit Managers' Meeting Minutes were reviewed and signed by the Unit Managers.

2. Status Action Items:

-No Open Action Items

There was no discussion.

3. Status Closure Activities:

-Status NOD Comments (On Schedule)

WHC (D. M. Korematsu-Olund) presented the Draft Sampling Analysis Plan (SAP) to Ecology. WHC (D. M. Korematsu-Olund) explained as soon as all parties (Ecology, RL, and WHC) agree with the SAP, a sampling schedule will be completed and then conformational soil sampling and chemical analysis will be performed. RL (R. N. Krekel) and Ecology (F. Ma) agreed that revision of the Ash Pit Closure Plan will begin when RL receives a letter from Ecology accepting the draft SAP. Once the acceptance letter is received, WHC will begin the 120 days revision cycle to incorporate NOD comments and any additional text changes to the closure plan. RL (R. N. Krekel) stated that WHC will formally transmit a letter to RL and Ecology documenting the delivery of the draft SAPs to Ecology, during this UMM.

WHC (R. E. Bolls-Solid Waste Operations) stated that the Solid Waste Operations group was pre-sampling (field screening) at the Ash Pit, 218 E-8, and HPADS. The pre-sampling activities will be based on the draft SAPs, but will not be at the specific locations identified in the SAPs. Ecology (F. Ma) requested to be present at the next pre-sampling event. WHC (R. E. Bolls) agreed to inform Ecology prior to the next pre-sampling event.

Ecology (F. Ma) requested that an issues resolution meeting be established to finish the Notice of Deficiency comments, for the Ash Pit and 218 E-8 Rev. 0 closure plans, that were deferred until the Data Quality Objective meetings were completed. RL (R. N. Krekel) agreed with the Ecology suggestion and a meeting date was established for June 1, 1994.
