SUBJECT (Note the change request number, disputed subject or milestone addressed)

AGREEMENT TO EXTEND DUE DATE FOR M-44-14A IN CHANGE REQUEST M-44-97-03.

DECISION / DETERMINATION / ACTION ITEM (Note the assignee and due date)

As required by Draft Milestone M-44-13A of the Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement), the U.S. Department of Energy, Richland Operations (DOE-RL) submitted the draft Waste Information Requirements Document (WIRD) to the Washington State Department of Ecology (Ecology) on July 15, 1997. In a partnering meeting held on August 12 and 13, DOE-RL and the contractor decided to pursue updating the WIRD to reflect expected efficiencies during the 1998 fiscal year. Specifically, DOE-RL and the contractor expect early closure of the organic safety issue.

As required by Draft Milestone M-44-14A, the DOE-RL is required to submit the final WIRD to Ecology on August 31, 1997. However, to allow the contractor time to incorporate the updated information, an additional one week will be required to complete the final WIRD. Therefore, the Parties agree that a 5 day extension is granted for the submittal of the final WIRD. The DOE-RL will deliver the final WIRD to Ecology on September 5, 1997. As a result the milestone due date for M-44-14A (contained within Change Request M-44-97-03 currently undergoing public comment) will likewise be extended 5 days prior to final approval.
