Wallace) stated that the sampling and analysis plan (SAP) had been received. WMH also stated that the errata sheet for the SAP had been transmitted from RL to Ecology on August 1, 1997. Ecology stated that the SAP errata sheet had been received.

- Status of Permit Modification

The current plan is to include the approved and issued SAP in the public review cycle for Permit Modification C. There are still disagreement between Ecology and RL on the draft permit conditions.
