- Future 303-K meetings will be held as part of the 300 Area General PMM.
- 303-K will be covered as part of the 300 Area General PMM minutes instead of issuing separate minutes for 303-K..
- The 303-K PMM can be resumed at any time upon the request of either RL or Ecology.
- The 303-K PMM are expected to resume prior to starting demolition of the 303-K Facility.

As a result, this will be the last set of 303-K PMM minutes published until demolition or unless requested by RL or Ecology.

###### **- Tour**

Ecology toured the 303-K Storage Facility on October 21, 1998. WMH (J. G. Adler) asked if Ecology had any questions as the result of the tour. Ecology (A. B. Stone)

stated that there were no questions at this time. RL (E. M. Mattlin) asked if Ecology had any comments on the 'white paper' provided to Ecology during the tour. The subject of the 'white paper' was the regulatory status (RCRA vs AEA) of the uranium in the soil at 303-K. Ecology stated that the subject was still under review within Ecology.
