

# K Basins Spent Nuclear Fuel Project

## Public Meeting

Thursday, November 5, 1998

7:00 P.M. 9:00 P.M.

DoubleTree Hanford House Richland, Wa

Columbia Benton Franklin Rooms

The U.S. Environmental Protection Agency, the U.S. Department of Energy and the Washington State Department of Ecology would like your comments on the proposed cleanup schedule for the K Basins Spent Nuclear Fuel Project. Our plan is to remove 2,300 tons of corroding spent nuclear fuel, sludge, debris and contaminated water from two large basins located near the Columbia River, to dry storage at a central Hanford location.

To request a copy of the proposed commitments and associated documents, please contact:
