Olympia, Washington 98504-7600

Dear Messrs. Jaraysi and Witczak:

SUBMITTAL OF DATA EVALUATION REPORT FOR 200 WEST AREA ASH PIT DEMOLITION SITE CLEAN CLOSURE (T-2-2), AND DATA EVALUATION REPORT FOR THE HANFORD PATROL ACADEMY DEMOLITION SITES CLEAN CLOSURE (T-11-1)

Please find enclosed WHC-SD-EN-TI-305, "Data Evaluation Report for 200 West Area Ash Pit Demolition Site Clean Closure, Revision 0," and WHC-SD-EN-TI-303, "Data Evaluation Report for Hanford Patrol Academy Demolition Sites Clean Closure, Revision 0." The 200 West Area Ash Pit Demolition Site (Ash Pit Demolition Site) and the Hanford Patrol Academy Demolition Sites (HPADS) are treatment units used for the detonation of discarded explosive chemical products that were determined to be in excess or beyond their shelf life. These units are being closed under the Resource Conservation and Recovery Act. Closure activities at the two sites were completed in 1995 in accordance with the closure plan, that included closure verification soil sampling and analyses. The results of these activities are summarized in the enclosed reports, indicating that these two units can be clean closed.

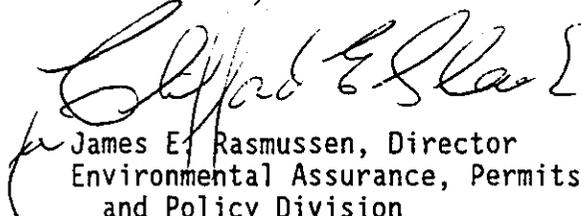

Messrs. Jaraysi and Witczak
