Subject: EPA Approval of "Sampling and Analysis Plan for Waste Disposition of KE Basins Wall and Floor Surface Removal Residue", SNF-18703, Revision 1 dated December 2003

Dear Mr. Earley: *Larry*

The U.S. Environmental Protection Agency (EPA) has reviewed and approves the subject document, with the exception of the data quality objectives summary report which was included as Appendix A but which EPA does not review for approval. I appreciate the concerted effort of DOE and Fluor staff in keeping me well informed during the development and execution of the activities for this decontamination test, and for the early opportunity to comment on this sampling and analysis plan. If you have any questions, please contact me at 509-376-9884.

Sincerely,

*Larry Gadbois*

Larry Gadbois  
K Basins Project Manager
