Addressees:

MODIFY HANFORD FEDERAL FACILITY AGREEMENT AND CONSENT ORDER (TRI-PARTY AGREEMENT) APPENDICES B AND C, ESTABLISH A NEW OPERABLE UNIT (OU) FOR SELECTED U PLANT CLOSURE AREA WASTE SITES (200-UW-1) AND DESIGNATE THE STATE OF WASHINGTON DEPARTMENT OF ECOLOGY (ECOLOGY) AS THE LEAD REGULATORY AGENCY

Appendix C (Enclosure 1) of the Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement) lists Hanford Site waste sites that potentially require remediation. When the U.S. Department of Energy, Richland Operations Office, the U.S. Environmental Protection Agency (EPA) and Ecology, hereinafter referred to as the Parties, first negotiated the Hanford Site cleanup program, the waste sites were divided into OUs. OU groupings were based on factors that included both sampling and analysis and remedial action.

The Parties want to remediate/close all waste sites, ancillary facilities, and pipelines in a coordinated manner and in coordination with remediating the 221-U Plant. To support the concept of a coordinated response and to promote efficiency, the Parties have proposed a single regulatory agency lead be designated (Ecology) and that selected sites in the 200-IS-1, 200-LW-2, 200-PW-2, 200-PW-3, 200-PW-4, 200-ST-1, 200-SW-1, 200-SW-2, 200-UR-1 be moved into the newly established 200-UW-1 OU. This will result in a need for a single Record of Decision (ROD) instead of multiple RODs. This change package also modifies Appendix B listing of treatment, storage and disposal (TSD) units to select the transfer of the 216-U-12 TSD from the 200-UP-2 OU to the 200-UW-1 OU.

The enclosed Tri-Party Agreement Change Request, C-03-01 (Enclosure 2), was reviewed with your staff and formalizes the proposed approach. In accordance with Tri-Party Agreement Action Plan, Section 12.0, "Changes to the Agreement," the Parties have 14 days following receipt of a signed change package to act on the change package.

If you have questions regarding the enclosed Tri-Party Agreement Change Request, please contact me, or your staff may contact Joel Hebdon, Office of Environmental Services, on (509) 372-2400. Technical questions may be addressed to Matt McCormick, Assistant Manager for the Central Plateau, on (509) 373-9971.

Sincerely,

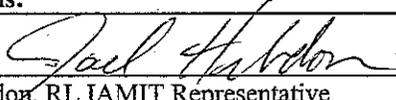

Keith A. Klein
Manager

Change Title: Modify Tri-Party Agreement Appendices B and C, Establish a New Operable Unit for Selected U Plant Area Waste Sites (200-UW-1) and Designate Ecology as the Lead Regulatory Agency				
Description/Justification of Change:				
<p>Appendix C of the Hanford Federal Facility Agreement and Consent Order (Tri-Party Agreement) lists Hanford Site wastes sites that potentially require remediation. When the U.S. Department of Energy, Richland Operations Office, the U.S. Environmental Protection Agency, and the State of Washington Department of Ecology (Ecology), hereinafter referred to as the Parties, first negotiated the Hanford Site cleanup program, the waste sites were divided into operable units (OU's). OU groupings were based on the likely response scenarios including both sampling and analysis and remedial action. OU groupings have been revised as the likely response scenarios changed.</p> <p>The Parties want to remediate/close all waste sites, ancillary facilities, and pipelines in a coordinated manner and in coordination with remediating the 221-U Plant. To support the concept of a coordinated response and to promote efficiency, the Parties have proposed a single regulatory agency lead be designated (Ecology) and that selected sites in the 200-IS-1, 200-LW-2, 200-PW-2, 200-PW-3, 200-PW-4, 200-ST-1, 200-SW-1, 200-SW-2, 200-UR-1 be moved into the newly established 200-UW-1 OU. This will result in a need for a <u>single</u> Record of Decision (ROD) instead of multiple RODs. This change package also modifies Appendix B listing of treatment, storage and disposal (TSD) units to move the 216-U-12 TSD from the 200-UP-2 OU to the 200-UW-1 OU.</p> <p>The affected pages from the current Appendix B and C are attached. Modifications/deletions are denoted using redline/strikeout; additions are denoted with shading.</p>				
Impact of Change:				
Changes to Appendix B and C and designation of a single lead regulatory agency (Ecology); no impact to Tri-Party Agreement milestones or schedule.				
Affected Documents:				
The Hanford Federal Facility Agreement and Consent Order, as amended, and Hanford Site internal planning management, budget documents (e.g., USDOE and USDOE contractor Baseline Change Control documents; Multi-Year Work Plan; Sitewide Systems Engineering Control Documents; Project Management Plans, and, if appropriate, LDR Report requirements), and the RI/FS documents for the above mentioned OU's.
