Re: 30 day Extension to the "Proposed Plan for the 300 FF-2 Operable Unit"

Dear Mr. Goldstein,

We hereby request a 30 day extension to the "Proposed Plan for the 300 FF-2 Operable Unit" comment period.

We are requesting this extension because of the limited amount of time we have to address all the concerns we have with the "Proposed Plan". We also must consider the time of year this comment period falls in. Most people take some time off during the summer, and because of this, some people will not be able to submit their comments by August 3<sup>rd</sup>. I have personally spoken to other non-profits and two of the tribes and an additional 30 days would allow for more comment.

Please let us know as soon as possible if this extension will be granted.

Sincerely,

Gregory deBruler  
CRK's Technical Consultant
