Reference: Letter 06-TOD-049, dated July 17, 2006, from R. Schepens, USDOE, to J. Hedges, Ecology, "222-S Laboratory Complex Part B Permit Application"

Dear Mr. Schepens:

The Department of Ecology grants your request for an extension of the submission of the 222-S Laboratory Complex Resource Conservations and Recovery Act of 1976 (RCRA) Permit application from July 31, 2006, to September 29, 2006. We agree with your assessment that additional time is needed to align the application with current standards for permit applications.

If you have any questions, please contact me at 509-372-7095; Jeanne Wallace, Permit Lead, at 509-372-7931; or Deborah Singleton, Waste Management Project Manager, at 509-372-7923.

Sincerely,
