RECEIVED
APR 24 2007

Dear Ms. Hedges:

EDMC

NOTICE OF VIOLATION NO. DE 4218

Reference: Ecology letter from J. A. Hedges to S. J. Olinger, ORP, "Finding of Violation of Order DE05NWP-002, Revision 1," dated April 10, 2007. 007670

This letter acknowledges the receipt of the Referenced communication and enclosed Notice of Violation on April 12, 2007. It is understood that the nature of this violation is an administrative failure to comply with the Permit Condition 2.5 of DE05NWP-002, Revision 1, to report newly identified air emissions.

As ordered by DE 4218, an application to modify NOCA DE05NWP-002, Revision 1, will be filed with the Washington State Department of Ecology (Ecology) by May 27, 2007, which is 45 days from receipt. Additionally, assessments of sampling and monitoring will be prepared and submitted within 45 days following each calendar quarter ending March 31, June 30, September 30, and December 31, 2007. Exhauster stack sample results and their corresponding dates will be used to meet the quarterly reporting requirement. The assessments will include the Toxic Air Pollutants identified, validity of laboratory results, and analysis of the source of the pollutant. We look forward to working with you and your staff to achieve compliance and continue the U.S. Department of Energy, Office of River Protection's productive working relationship with Ecology.

If you have any questions, please contact me, or your staff may contact Dennis W. Bowser, Office of Environmental Safety and Quality, (509) 373-2566.

Sincerely,

Shirley J. Olinger, Acting Manager
Office of River Protection
