Re: Approval of Hanford Site Portable and Temporary Non-Road Engines Notice

References: Letter from K.A. Klein, USDOE-RL, to J.A. Hedges, Ecology, "Second Annual Notification of Intent to Operate Hanford Site Non-Road Engine Sources," dated April 26, 2007.

0672810

Dear Mr. Klein and Ms. Olinger:

This letter responds to your notification under Chapter 173-400 Washington Administrative Code (WAC), of portable and temporary non-road engine sources upon the Hanford Site. The reported sources encompass four classes of such non-road engines including estimates of:

- 286 handheld portable internal combustion sources.
- 414 self-propelled sources.
- 788 non-handheld and non-self propelled sources.
- 274 portable and self-propelled sources.

The information you provided in your notification and provided for assessment of completeness is sufficient to comply with the information needs of WAC 173-400-035(1). These portable and temporary source operations are approved for a period of one year beginning May 1, 2007, and will not require supplement. Your notice will require supplement if your inventory or estimate

Mr. Keith A. Klein and Ms. Shirley J. Olinger

of portable and self-propelled non-road engines (heavy construction equipment, fourth class, above) exceeds 110% of your reported estimate. The subject operations must be available for Ecology's inspection upon request.

If you have any questions, contact me at 509-372-7983.

Sincerely,

Doug Hendrickson, P.E.
Lead Air Engineer
Nuclear Waste Program
