Astrid

We will get a Decisional Draft of the 100-IU-1 and 100-IU-3 Information Document to you by the end of the month. So far, I have only a few names for the distribution list:

U. S. Department of Energy

A. P. Larsen  
J. H. Zeisloft  
DOE-RL Public Reading Room

ERC Team

D. D. Teel  
S. G. Weiss

Hanford Technical Library  
WIDS

Is there anyone else you would like to add to this? The 1100 Area Information Document went to the tribes, Department of the Interior, and other trustees, but I'm not sure you intended this document for that wide a distribution.

Also, we will send the draft document over to you with a transmittal letter. Who would you like to see on distribution for that transmittal?

Steve
