Dear Mr. Klein and Mr. Schepens:

Re: Ecology's Review and Response to the U.S. Department of Energy's (USDOE) Calendar Year (CY) 2004 Land Disposal Restrictions (LDR) Report, submitted in accordance with Milestone M-26-01O

This correspondence is in response to your letter 05-AMCP-0318 and attached comment responses, dated July 12, 2005, to Mr. Michael Wilson, Ecology, regarding the submittal of USDOE's CY 2004 LDR Report. 65723

In accordance with the Hanford Facility Agreement and Consent Order (Tri-Party Agreement), Milestone M-26-01O, the LDR report was submitted as a primary document, which requires the lead agency to respond within 45 days. Ecology provided comments to USDOE on June 13, 2004. We received your responses to our comments on July 12, 2005. These responses adequately document the comment resolution agreed to during recent Tri-Party Agreement LDR Project Manager Meetings.

Ecology approves the USDOE's CY 2004 LDR Report as noted on the enclosed approval page. We look forward to continued cooperation during the ongoing LDR Project Manager Meetings.
