Re: Memorandum Agreement

Dear Jeff:

This is a follow up to a message I left on your recorder. I was interrupted and not sure just how clear that message might have been.

Basically, after discussing the Memorandum Agreement with the District Health officer, we have decided that we must act on the current DOE requests.

Therefore, unless the signed Memorandum Agreement is on my desk by 5:00 p.m. on Friday, November 1, 1991, you can consider the offer of the Memorandum Agreement withdrawn and we will take the actions necessary under the law to process the DOE requests.

Very truly yours,

Donald B. Stancik
