Olympia, Washington 98504-7600

Dear Messrs. Day and Jansen:

DRAFT PUREX PLANT AGGREGATE AREA MANAGEMENT STUDY REPORT (AAMSR)

The Hanford Federal Facility Agreement and Consent Order interim milestone M-27-06 requires that an AAMSR for the PUREX Plant be submitted to the U.S. Environmental Protection Agency and the State of Washington Department of Ecology by May 29, 1992. This AAMSR was developed as a secondary document in accordance with the objectives of the Hanford Past Practices Strategy (DOE/RL-91-04) and methodology and format for the AAMSR presented in AAMSR Chapter 1, which was submitted as interim milestone M-27-01. It represents the fifth of ten reports that will be prepared as part of the 200 National Priority List AAMS Program.

The U.S. Department of Energy, Richland Field Office (RL) comments are currently being dispositioned and have not been completely incorporated into the text of this document; consequently, RL may require changes to the draft.

If you have any questions, please contact Mr. Paul M. Pak on (509) 376-4798.

Sincerely,

Steven H. Wisness
Hanford Project Manager
