Dear Messrs. Wagoner, Trego, and Wiley:

This letter transmits a revised draft permit for the management of dangerous and hazardous waste at the Hanford Facility. The draft permit has two parts. The first part is the *Dangerous Waste Portion of the Resource Conservation and Recovery Act Permit for the Treatment, Storage, and Disposal of Dangerous Waste*, and will be issued by the Department of Ecology (Ecology). The second part is the *Hazardous and Solid Waste Amendments Portion of the Resource Conservation and Recovery Act Permit for the Treatment, Storage, and Disposal of Hazardous Waste*, and will be issued by the Environmental Protection Agency (EPA). We have also enclosed the supporting documentation for the permit which includes a Focus Sheet/Public Notice, Ecology's Responsiveness Summary and Fact Sheet, and EPA's Response to Comments and Fact Sheet.

Messrs. Wagoner, Trego, and Wiley

We appreciate the willingness of your staff to support the development of this draft permit over the last eight months. As a result, this second version of the permit will be more effective in reaching our mutual goal of attaining regulatory compliance at your Facility.

The public comment period for this permit begins February 9, 1994, and ends April 11, 1994. Any formal comments that you have regarding the draft permit must be received by our office during that time. Any questions you may have should be directed to Joe Witzak (Ecology) at (206) 407-7132, or Dan Duncan (EPA) at (206) 553-6693.

Sincerely,

Dru Butler, Program Manager
Nuclear and Mixed Waste Management
Department of Ecology
