Department of Ecology  
7601 West Clearwater, 102  
Kennewick, Washington 99336

Dear Mr. Nylander:

UNDERGROUND STORAGE TANK CLOSURE FORMS IN SUPPORT OF HANFORD PROJECT L-044

In early October 1993, work is expected to start on a Hanford construction project (Project L-044). Project L-044 will remove 23 and install 12 new petroleum Underground Storage Tanks (USTs). Enclosed are UST 30-Day Notice of Intent (NOI) to Close/Decommission forms. The closure forms allow for permanently closing 14 of the 23 USTs in support of Project L-044. The closure forms to close the remaining nine tanks will be submitted in the near future to coincide with the L-044 tank closure schedule.

Based on the objectives of Project L-044 and in accordance with Washington Administrative Code 173-360-385(2), an extension of the 60-day required closure period for USTs is being requested for these tanks. Approximate closing dates are given in Section 3 of the NOI. These dates are subject to change depending on the schedules provided by the contractor performing the removals. Section 2 of these forms has been intentionally left blank since the contractor for this work will not be known until approximately September 15, 1993.

Should you have any questions, please contact Ms. A. L. Rodriguez on 372-0277.

Sincerely,

*Robert G. Holt*
