Re: 45-Day Time Extension Request to Respond to Comments on  
Potential Applicable or Relevant and Appropriate Requirements  
(ARARs) Identified in 100 Area Feasibility Study Phases 1 and 2  
(DOE/RL-92-11)

Dear Mr. Wisness:

The U.S. Environmental Protection Agency (EPA) is in receipt  
of the U.S. Department of Energy's (DOE) letter, dated December  
11, 1992 that requests a 45 day extension to address ARARs raised  
by the regulators in comments to 100 Area Feasibility Study  
Phases 1 and 2, Draft A. We recognize that addressing the ARARs  
for this effort may involve longer than the 30-days allowed for  
comment dispositions.

EPA grants DOE a 45-day extension to address the ARARs  
comments raised by EPA, but expects the remaining comments to be  
dispositioned within the normal 30-day time frame. If you have  
any questions, please contact Larry Gadbois at (509) 376-9884.

Sincerely,

Paul T. Day  
Hanford Project Manager
