Subject: Signature Authority for RODs

Back in 1994 (?) Thomas Grumbly granted authority to DOE site managers to sign RODs under CERCLA and/or to concur on RODs under RCRA (as well as other ER documents).

On May 2, 2000, Carolyn Huntoon revoked these authorities and placed them back with the headquarters in the Office of Project Completion headed by Mark Frei. Signatory for EM-43 Richland Office is James A. Turner. Signatory for EM-44 River Protection Office is Ralph G. Lightner. Both Turner and Lightner work from Frei in the Office of Project Completion.

The May 2 letter was distributed at the HAB ER Committee earlier this week. I'll send a copy to Teri for inclusion in our meeting packet.

FYI.
Susan
