309 Bradley Boulevard, Suite 201

Dear Mr Martell:

REQUEST FOR COMPLIANCE PLAN MEETING PERTAINING TO THE GENERAL
NOTICE OF POTENTIAL VIOLATION AIR-16-112

In accordance with the subject letter received by the U.S. Department of Energy Richland Operations Office (RL) on February 2, 2016, RL hereby requests a compliance plan meeting. It is the intent of RL and CH2M HILL Plateau Remediation Company (CHPRC) to present the draft responses, including the relevant evidence supporting the responses, at this meeting.

In addition, RL requests that the forty-five days for response be extended indefinitely, if this meeting is arranged. The meeting could potentially impact the subject and content of the response. Therefore, RL proposes that a new date of submittal be agreed to, at the conclusion of the meeting.

If you have any questions, please contact me, or your staff may contact, Ed MacAlister, Director, Environmental, Safety, and Quality Division, on (509) 373-0462.

Sincerely,

Jeffrey A. Frey, Assistant Manager
for Safety and Environment
