Summary of Discussion and Commitments/Agreements

1. Approval of Past UMM Minutes (Ecology/RL/EPA/WHC):

The June 10, 1993, Unit Managers' Meeting Minutes were reviewed and signed by the Unit Managers.

2. Status Action Items:

- No open action items.

3. Status Closure Activities:

Ecology received the NOD comment response table of June 15, 1993.

4. New business:

- Discussion of NOD Comments

The Ecology-Kennewick RCRA Permits section has a new supervisor (Moses Jaraysi) and a new permit writer; there may be some shuffling of responsibilities that affect the RCRA Closures section.

B. J. Broomfield (WHC) stated that WHC would have funding available this fiscal year to support sampling at the detonation sites. Broomfield asked if Ecology had any concerns with the sampling plans for the detonation sites. J. J. Wallace (Ecology) was concerned about the adequacy of the mobile labs QA/QC procedures.

C. O. Ruud (Ecology) was not able to clarify NOD comments 35 and 65 with their chemist. Their chemist does not feel that the listed PQLs are appropriate. Ruud will respond with an answer by July 21, 1993.

Field screening techniques were also discussed. Ecology does not have a problem with their use as long as they know if it will be the only sampling done, or if additional confirmatory sampling will be performed. Ecology also stated that they want to be present during sampling activities. B. J. Broomfield (WHC) said that Ecology would be notified prior to any sampling activities.

5. Set new meeting date:

The next Unit Managers Meeting was scheduled for 9:00 a.m., August 10, 1993, in Richland, Washington.
