Re: Closure of Mixed Waste Units in the 324 Building Rec B Cell, Rec D-Cell, and High Level Vault and Low Level Vault including a Schedule to Complete the Design. Milestone M-089-06-T01 of the Hanford Federal Facility Agreement and Consent Order

Dear Mr. French:

The Department of Ecology (Ecology) received the 30% design document dated September 30, 2014 (14-AMRP-0286). The 30% design document provides clarity about the design and contains the required schedule.

Ecology is satisfied and has determined that the report meets the requirements set forth in Milestone M-089-06-T01 in Addendum D of the Action Plan of the Hanford Federal Facility Agreement and Consent Order.

Ecology appreciates the efforts of the United States Department of Energy in producing this design report and we look forward to continued progress on this project. If you have any questions, please contact me at [fbon461@ecy.wa.gov](mailto:fbon461@ecy.wa.gov) or (509)372-7885 or Elis Eberlein at [eber461@ecy.wa.gov](mailto:eber461@ecy.wa.gov) or (509)-372-7906.

Sincerely,

Rick Bond  
Transition Project Manager  
Nuclear Waste Program
