Dear Messrs. Sherwood and Skinnarland:

200 AREAS REMEDIAL INVESTIGATION/ FEASIBILITY STUDY IMPLEMENTATION  
PLAN – ENVIRONMENTAL RESTORATION PROGRAM, DOE/RL-98-28, REV. 0

Attached are six copies of the subject document for your information. Four copies are provided for the State of Washington Department of Ecology (Ecology), and two copies are for the U.S. Environmental Protection Agency (EPA).

Comments received from the public review of Draft B have been dispositioned and incorporated, where appropriate. A copy of the final comment dispositions was provided on April 2, 1999. Examples of changes made to Draft B, as a result of the public review, include the following:

- The text in Section 1 and 7 relating to the integration of the 200 Remedial Action Project with the Groundwater/Vadose Zone Integration Project was revised to reflect the organizational changes made in December 1998.
- The text in Section 7 that relates to public review opportunities was revised to reflect separate Tribal and public reviews.
- Technical comments relative to the In-Situ Vitriification technology were incorporated into Appendix D.
- Clarifications regarding several technical items in Section 6 such as groundwater mounding, spectral gamma logging system, and characterization technology needs were incorporated.

Messrs. Sherwood and Skinnarland
