Dear Messrs. Day and Goldstein:

TRANSMITTAL OF DEPARTMENT OF ENERGY (DOE) RESPONSES TO EPA/ECOLOGY "SECOND ROUND" COMMENTS - 1100-EM-1 REMEDIAL INVESTIGATION/FEASIBILITY STUDY DRAFT WORK PLAN

The subject responses are enclosed. They formally document disposition of U. S. Environmental Protection Agency (EPA) and Washington State Department of Ecology (Ecology) "second round" comments provided to us on May 31, 1989, and subsequent clarifications discussed through June 14, 1989. The changes made to the Revised Draft Work Plan as a result of your comments and DOE's enclosed responses, resulted in the Draft Work Plan which was disseminated for public review on June 15, 1989.

The responses were provided to you at the July 14, 1989, 1100-EM-1 Unit Managers' Meeting. However, they were not "interleaved" with the comments themselves (to aid readers not having the comments). It was agreed at this meeting that we would reformat the responses to include (by interleaving) them with your comments. This transmittal fulfills that action (see item #4 of Attachment #1 of the Meeting minutes). It was agreed that future responses would also be formatted in the interleaved format.
