Ecology incorporated the non-enforceable changes in Permit Attachment 4A (Building Emergency Directors/Building Wardens). The updated permit document is on Ecology's Nuclear Waste ["Hanford Facility Resource Conservation and Recovery Act \(RCRA\) Permit, Dangerous Waste Portion for the Treatment, Storage, and Disposal of Dangerous Waste"](#) web page.

Subject: FW: 20-ESQ-0098/CHANGES TO NON-ENFORCABLE PORTIONS OF THE HANFORD FACILITY RESOURCE CONSERVATION AND RECOVERY ACT PERMIT ATTACHMENT 4A

Ecology agrees that the changes to Permit Attachment 4A (Building Emergency Directors/Building Wardens) submitted with USDOE's letter 20-ESQ-0098 are non-enforceable changes to the *Hanford Facility Resource Conservation and Recovery Act Permit, Dangerous Waste Portion for the Treatment, Storage, and Disposal of Dangerous Waste* (Site-wide Permit). Ecology will incorporate the non-enforceable changes in Permit Attachment 4A and update the Site-wide Permit. You will receive an additional email when this is complete.

Ecology will document this acceptance in Ecology's 8C.2020.Q4 quarterly letter.
