**EDMC**

The attached two items are being sent for NRTC vote.

Finding 98-04 is our comments on the BRMaP and BRMiS. The content is essentially the same as what we reviewed at the last Council Meeting although Jay and I have edited it somewhat. Based on what we discussed at the last meeting, we are relying on individual Trustees to send in detailed comments. Don't forget comments are due by the end of June.

Resolution 97-02 is quite stale. It is our much-revised resolution stating what we are doing with respect to the 100 Area assessment and studies. Several of us (but not a quorum) signed the previous version before we changed our approach. We discussed this revised version two meetings ago. At the last meeting we ran out of time for me to float this final version so I'm sending it out now. At this point, I view this as a housekeeping item that we should finish up.

Because of the revisions to F98-04 and R97-02, the deadline for votes will be extended a few days to June 30. Thus, we can entertain any critical changes through next Wednesday, June 17. Please call me at (360) 407-7112 with any questions. Please send your signature pages to Teri at:

Teri,

Thanks for sending these out. The message to accompany them is below. You will need to add your address. Also, on our distribution list, we need to add J.R. Wilkenson with the CTUIR. You can send items to him at the same fax number as Stuart Harris.

Thanks again.

-Geoff
