**DISCUSSION FOR THIS MEETING:** Greg Gauck gave a powerpoint presentation illustrating the current state of 241-T & 241-TY Interim Surface Barriers (Attachment 1).

After the presentation there were four questions from Ecology that will be addressed subsequent to the meeting:

- 1) Joe C (Ecology): When were the pictures taken?
- 2) Joe C (Ecology): Slide 22 – how long did it take for the separation issue to reoccur?
- 3) Marysia S (Ecology): What are the plans for future repairs ( issue cost effectiveness vs implementing alternative)
- 4) Joe C (Ecology): How close were we to reaching dome load with asphalt barrier?

Cindy Tabor identified that responses to the questions would be provided later via email (and additionally will be submitted to the administrative record with the annual M-045-56 meeting notes.)
