Dear Ms. Hennig:

The EPA Region 10 has reviewed your letter of July 17, 1992 regarding the RCRA Groundwater Analytical Requirements with respect to SW-846. It is the policy of EPA to require that Permittees comply with the laboratory methods which are specified in the most recent edition of Test Methods for Evaluating Solid Waste, EPA SW-846.

If any additional information is required contact Dan Duncan, Hanford RCRA Permit Coordinator, at (206) 553-6693, or Carrie Sikorski, Chief, RCRA Permits Section, at (206) 553-2851.

Sincerely,

Paul T. Day
