Dear Mr. Romine:

Re: Extension to Review of 200-PW-2/200-WP-4 Remedial Investigation Report,
DOE/RL-2004-25

62114

Please be advised that in accordance with Section 9.2.1 of the Hanford Federal Facility Agreement and Consent Order, the Washington State Department of Ecology (Ecology) is exercising an extension to its review of the "Remedial Investigation Report for the 200-PW-2 Uranium-Rich Process Waste Group and the 200-PW-4 General Process Condensate Group Operable Units, Draft A", DOE/RL-2004-25. Ecology will submit comments on or before October 18, 2004. Ecology's extension is based on staffing considerations and the relative priority of work.

If you have any questions, please contact me at (509) 372-7921.

Sincerely,

John B. Price
