**APPEARED IN TRI-CITIES HERALD
DECEMBER 5, 1993:**

We want YOUR comments

on the North Slope Expedited Response Action

Public comment has been extended to January 8

The North Slope, commonly known as Wahluke Slope, consists of 140 square miles of land at the Hanford Site. The area is north and northeast of the Columbia River. The area was a security buffer to protect Hanford's defense production facilities.

Citizens are encouraged to provide comments on the cleanup options considered in the North Slope Expedited Response Action. You may provide written or formal comments at an upcoming public meeting.

Public Meeting
Tuesday, December 14, 7:00 to 9:00 p.m.
Mattawa Elementary School
Multipurpose Room
400 North Boundary, Mattawa
