Re: Request for Extension of the Staging Areas at the Environmental Restoration
Disposal Facility (ERDF)

Dear Mr. Glossbrenner:

EPA has reviewed DOE's letter (17-AMRP-0259) regarding extending the operating period of the current staging areas at ERDF. That letter appropriately documents how the requirements outlined in the 2002 ROD Amendment for ERDF will be met to allow continued waste staging beyond 2 ½ years. This letter documents EPA approval of extending the operating period of the staging areas until November 28, 2020. If you have any questions, please do not hesitate to call me at (509) 376-3883.

Sincerely,

A handwritten signature in black ink, appearing to read "David R. Einan".
