Change Title
Revise the scope of Milestone M-016-145 to exclude 100-K-111.

Description/Justification of Change

Interim milestone M-016-145 requires remediation of 13 waste sites located at the 100-K Area by March 30, 2014. One of the sites, 100-K-111, is located in a culturally sensitive area. The efforts taken to address the cultural sensitivities have caused field activities to extend beyond the original estimated duration. As such, disposition of the site will not be completed in time to meet the March 2014 milestone completion date. This change removes the site from the milestone.

Modifications are denoted by using ~~strikeout~~ to indicate text deletions and double underline to indicate text additions.
