Dear Mr. Wisness:

Re: Notice of Correction, Violation #4, Resulting from the 1998 Land Disposal Restrictions (LDR) Compliance Inspection at Hanford (Tri-Party Agreement [TPA] Milestone M-26-01H), dated June 3, 1999

On June 3, 1999, the Washington State Department of Ecology (Ecology) issued a Notice of Correction to the U.S. Department of Energy (USDOE), Fluor Hanford Inc. (FH), and Waste Management Hanford Inc. (WMH) as a result of Ecology's 1998 LDR compliance inspection at Hanford.

As you know, violations #1, #2, and #3 are being addressed through a Final Determination issued by Ecology on March 29, 2000. Violation #4 is being addressed through the Notice of Correction.

On October 12, 2000, Ecology received USDOE's response to Ecology's August 30, 2000, letter concerning resolution of violation #4. Ecology has reviewed USDOE's response and finds it acceptable. Ecology considers resolution of violation #4 to be complete and closed.
